

# Welcome Back 2 School from your Daniel Island School PTA!

Dear Parents,

Welcome back and get excited for another fun year at DIS! We are excited to announce new STEAM initiatives this year such as multiple Robotics Teams for grades 4th-8th, robotic and tech tools for Kindergarten-8th grade, as well as a special STEAM assembly in the spring.

These initiatives are not possible without donations from parents during our PTA membership drive. Thank you for supporting your school, students, and staff by joining the PTA and building our parent community. Join today at [www.DISPTA.org/join](http://www.DISPTA.org/join)

Wishing you a great year!  
From your 2019-2020 PTA Executive Board
